Intra-Mural Athletic Program Outlined

Replaces Fraternity League; Plan Yet to be Approved By Faculty

The following constitution and by-laws for the organization and regulation of intra-mural sports prepared by the Physical Education Department will be submitted to the faculty for approval. Meanwhile suggestions for improvement of the plan set forth therein will be welcomed by the head of the department, Professor Oscar E. Gerney.

The plan here outlined is arranged for the men students. A plan equal in scope is being worked out for the women of the College. It will operate under the Women's Athletic Council in order that it shall meet the needs of the women students.

Constitution

1. The name of the organization shall be "The Intra-mural Athletic Board of Ursinus College." It aspires to extend, perfect, and foster the aims and ideals of competitive athletics among students not engaged on varsity teams; to present healthful and wholesome pastime to all those who are interested either as players or spectators; and to inculcate the principles of sportsmanship, honesty, and fair play.

2. The Board shall organize and supervise leagues in the various available sports. The five recognized fraternities, namely, Alpha Phi Epsilon, Beta Sigma Lambda, Demas, Rho Delta Rho, Sigma Rho Lambda, and one team composed of non-fraternity men shall constitute each of the leagues.

(Continued on page 2)

Women Students Are Hostesses at Lorelei Valentine Dance

Friday night, February twelfth, the annual Lorelei dance was held in the Thompson-Gay gymnasium. Hearts and other Valentine decorations gave the proper atmosphere. The music was furnished by the Blue Moon Orchestra from York. Prof. and Mrs. J. L. Boswell and Prof. and Mrs. H. L. Carter were the guests of the evening.

The committee responsible for the complete success of this affair included: Ruth Riegel '32, chairman, Jeanette Baker '33, Gladys Ulrich '33, Naomi Clark '34, Herbert Levin '33, Walter Welsh '33, and Anthony Ziccardi '34.

WRITERS OF MAY PAGEANTS

SHOULD OBSERVE RULES

The Ursinus May Pageant is customarily written by a student of the College. Men and women are eligible to compete. A prize of fifteen dollars is awarded to the writer of the pageant that is presented. May Day will be celebrated on May 14.

For those interested in writing a pageant for May Day the following rules should be helpful.

1. The pageant should be suitable for May Day presentation at Ursinus.
2. The pageant should be divided into episodes and include interludes, if possible.
3. There should be no dialogue.
4. When produced, it should last not more than one and one-half hours.
5. Minimum "action" for the May Queen is desired in the pageant.
6. It must be completed by the end of the Easter recess.

VESPERS

The Vesper services on Sunday evening, February 13, under the leadership of Katherine Prizer '34 were opened with an organ selection by Alfred Alspach '33. Following the scripture reading Martha Moore '34 led in prayer. Muriel Ingram '33 then gave a violin solo entitled "Charta Russes" by Lalo. She was accompanied by Mary Stamm '32. Following a reading, "God's Will" by Ione Hausmann '35, the Mizpah benediction closed the service.

The Chi Alpha Tau Sorority held an informal rushing party in the form of a bridge luncheon at the Jeffersonville Inn, Saturday afternoon, February 13.

SENIOR MINSTREL BEGINS

According to word given out this morning, the coming Senior Minstrel will be one of the outstanding events on the campus this year. The performance is scheduled for Saturday, March 12, the evening following the Senior Ball.

J. Parker Massey, '32, director, announces that practices are being held twice a week, Tuesday and Thursday evenings.

The Senior Class has been fortunate in securing the services of Mr. Thomas Cahill of Norristown as coach. The cast will be announced in the near future.

DR. STARR TELLS W. S. G. A. OF LIFE IN CHINA

Dr. Starr Received Honary Degree From Ursinus Last Year at Founders Day

Mrs. Sarah Logan Wister Starr, L. D., president of the board of incorporators of the Women's Medical College of Philadelphia, addressed the women students of Ursinus College on Monday evening, February 9, in Bomberger Hall. Dr. Starr is one of the two women who received honorary degrees from Ursinus College on Founders' Day last year.

Dr. Starr, who visited China last year gave a very interesting lecture on the customs of that country. She said that the present situation in that section of the world might be better understood if more were known about the Chinese people. China has about five men to Japan's one, but the Japanese soldiers are better equipped and trained.

An amusing incident was told about eating Chinese food. Mrs. Starr and her husband who were invited to dine with a Chinese official were curious about real Chinese food. Their curiosity was satisfied when they remained dining for several hours with a wide variety of foods of which they ate little. During the evening, Dr. Starr was very much surprised when she was taken to a large tub of fish and was told to select the fish she wanted to eat. It is unbelievable in China that Americans eat fish, that they have not seen alive.

Dr. Starr wore a beautiful Russian sable coat which had a unique story to it. In China, fur can be bought more cheaply than in other countries. Mrs. Starr wanted a Russian sable coat. However, she was forced to bargain with robbers who had stolen the fur from someone somewhere. That is a custom in China, too.

The lecture was enjoyed very much by the students and they hope they have the pleasure of hearing her again.

BASKETBALL LEAGUE

STANDINGS UP TO DATE

The Bears split a pair of league games during the past week, defeating Drexel and losing to Lebanon Valley, thus retaining their hold on the 5th rung of the league ladder. The Chase-coached combination faces a rather stormy week, no less than three league games being on the bill.

Muhlenberg will furnish the opposition tonight at Allentown, and despite the relatively poor standing of the Mules, they will make things plenty hadd for our boys.

On Friday Captain Lodge and his band of sharpshooters start on a two day trip, meeting Gettysburg and F. and M. on consecutive nights. These two teams are waging a merry fight for the league leadership and will be geared in high in order to repel the Bears' attack. However, it is hoped that at least one of them will come to grief in the forthcoming games. On the other hand, three more victories added to the Collegeville claw's left side of the ledger would be a tremendous boost to our chances.

In other league games this week Gettysburg will tangle with F. and M., Muhlenberg will meet Lebanon Valley and Drexel, and Albright will face its ancient foe "Leb" Valley.

Eastern Pennsylvania League

	W	L	Pct.
F. and M.	5	1	.833
Gettysburg	4	1	.800
Albright	4	3	.571
Lebanon Valley	4	3	.571
Ursinus	2	3	.400
Drexel	3	6	.333
Muhlenberg	0	5	.000

"Y" ORGANIZATIONS PLAN

WEEKLY SWIMMING TRIPS

To Use "Y" Pools in Norristown Life-Saving Instruction To Be Given

Beginning next Thursday, Ursinus students are promised the opportunity of enjoying the sport of swimming once a week. Leaders of the College "Y" organizations have completed arrangements with "Y" officials in Norristown. Trips will be made every Thursday and continued as long as the students evince interest and give their support.

Women students will travel to Norristown by bus, leaving at 7.00 p. m. They will be granted the use of the Y. W. C. A. pool. The inclusive charge for members of the College Y. W. will be fifty cents. A minimum number of thirty girls will be necessary. Those wishing to go should sign with Miss Evelyn Henricks '32.

Men students are asked to arrange their own transportation. Charge for use of the Y. M. C. A. pool will be twenty-five cents to members of the College Y. M. Men should sign with Jacob Weaver '32.

Instruction in life saving and the opportunity to take the Red Cross Life-Saving Examination should attract many students.

The leaders to whom credit is due are Evelyn Henricks '32, president of the Y. W. and Jacob Weaver, president of the Y. M. together with officials of the Physical Education Department.

Financial Drive Discussed

By Alumni Representatives

The Committee of Alumni Representatives on the Board of Directors met at the College on Monday evening, February 8, to discuss the progress of the alumni effort for funds to service the new Science Building and renovate Bomberger Hall. It was reported by the Secretarial Staff that approximately ten per cent of the amount sought has already been pledged, and nearly one fourth of this is in the form of cash payments. It was also pointed out that about one-tenth of the entire alumni body has been heard from. The Committee interpreted this as evidence that the \$60,000 needed to carry out the work contemplated by the Board would be raised.

It was decided to urge all zone and class representatives to make every effort to raise \$10,000 by Founders' Day. The effect of this appeal is already being shown in the returns to headquarters. Every day during the past week subscription cards have been coming in, and the average individual subscription to date is close to \$50. It is expected that during the next few weeks the foreign alumni will be head from. These alumni have always responded to appeals from the College in the past and it is believed that in this effort they will take their place with the alumni at home.

At the meeting on Monday evening, the Committee voted to take steps to complete the fund as soon as possible. To this end a pamphlet describing the new Science Building, with room plans and other illustrations, is now in the course of preparation. It will be sent to all the alumni and former students on the mailing list within the next week or ten days. A new subscription form was also authorized, and everyone who has not thus far pledged to the cause will be urged to make a generous subscription on a slightly different basis than heretofore.

It was further decided to publish a list of subscribers shortly after the Founders' Day exercises. Mr. Francis J. Gildner, chairman of the Committee, expressed his confidence in the alumni body as a whole and believes that the aim to secure a one hundred per cent response to the present appeal will eventually be realized.

JOINT "Y" WEEK OF PRAYER

The annual week of prayer service conducted by the Y. W. and Y. M. will be held on February 29 and March 1.

The speaker engaged for this service is Reverend John E. Mertz of Easton. Mr. Mertz is a graduate of Ursinus. He has conducted services of this kind at Lafayette College, and is familiar with the problems confronting the college student.

JUNIOR PROM COMMITTEE

The Junior Prom Committee has been appointed by Jack Robbins, Junior class president, as follows:

Misses Iris Lutz, Margaret Deger, Charlotte Cross, Gladys Ulrich, Ruth White, and Messrs. Harold Fisher, chairman, Charles Gompert, Charles Kraft, Alvin Paul and John Reese.

The committee makes all the arrangements pertaining to the orchestra, the decorations, the favors, and the programs.

The Promenade will be held in the gymnasium, April 29.

INTERESTING MOTION PICTURE AT BIOLOGY CLUB

Mr. Wexlin of Bausch and Lomb Explains Educational Film "Eyes of Science"

Microscopes, cameras, projectors, field glasses, and many other optical lenses and machines were just instruments that were necessary evils connected with our science courses to most of us. But after listening to Mr. J. I. Wexlin and seeing the motion picture, "The Eyes of Science," one can more readily appreciate the value of these instruments to the manufacturing, medical, and our pleasure loving world.

This picture was presented in Bomberger on Thursday evening under the auspices of the Biology Club. The Club considers itself very fortunate in having been able to secure this educational film which was photographed and presented through the courtesy of the Bausch and Lomb Optical Company of Rochester, New York. It is a prize winning film and has been shown at several of the medical schools in the country and has been praised by all that have seen it.

The picture showed the many processes through which optical glass must pass before it is ready to be of service to the world. In the modern plant of the Bausch and Lomb Co., the largest producers of optical lenses in America, everything must be almost perfect before it can be used. And in the process of accomplishing this perfection the glass is treated as though it were the most precious substance in the world.

After giving this synopsis of the glass in its making the picture gave a fleeting glimpse of the many uses to which optical lenses are put. Our steel bridges are tested by use of a microscope in order to assure their safety; our automobiles are made to run silently because the cogs are fitted by means of microscopic machines; and so it is all through the industrial processes. Even our doctors would be helpless to combat disease if it weren't for the microscopes.

The Biology Club always offers a very interesting program and it is well worth the time of the students to attend these meetings.

PROFESSOR SIBBALD SPEAKS

ABOUT MARIONETTES

On Tuesday evening, February 9, Mr. Sibbald spoke in Bomberger Hall to students and friends of the College on the entertaining subject of "Marionettes." He traced the history of these artistic, sometimes grotesque, figures from early Greek and Egyptian times, when they were closely associated with religious festivals, down to the present day. He showed how wide the schools of the Marionette theatre are becoming, how systemized, and what demands there are, both here and abroad, for their plays. Mr. Sibbald described the two methods of manipulating the figures, by hand and by strings, told of the leaders in this field, and as a means of demonstration, passed a typical Marionette doll through the audience. This talk was scheduled prior to Mr. Remo Bufano's plays which will be presented on February 19 at Ursinus. "Little Black Sambo" and "Orlando Furioso" will afford students an opportunity to see two very popular Marionette plays, showing both the hand and string manipulated dolls.

The opera trip originally planned for February 18 has been postponed until April 14. Tickets for Lohengrin were not available. The opera to be presented on April 14 will be Aida.

Bear Cagers Divide Two League Games

Down Drexel in Thrilling Home Contest 45-38. Lose to Lebanon Valley

Lebanon Valley Game

In a see-saw affair at Lebanon Saturday night, the Ursinus court team was edged out by the Lebanon Valley quintet. The score was knotted no less than four times during the contest with each team alternating in taking the lead. It was only in the closing minutes that the Valley lads forged out in front to gain the final 46-39 verdict.

From the start, the game promised to be close. Each team tallied with regularity, but neither team seemed able to substantially outpoint the other. The first half was marked by the floorwork and passing of the Bear aggregation, and the successful long shots of Stewart of the Lebanon quintet. The end of the first half found the scoreboard favoring Lebanon by a two point margin.

The second period gave no better indication as to the winner until the end. Spectators found it difficult to retain their seats as the score swayed back and forth. The fast play in this part of the game resulted in many fouls being called against both teams. The Grizzly five, however, were favored in this department, since 15 of the Bear's foul tries were converted as compared to 12 for the opponents. Being outscored from the field by 5 goals was the Ursinus nemesis in the final reckoning.

"Hy" Miller again displayed his

(Continued on page 4)

Co-eds Bow to Bryn Mawr in First and Second Team Games

The Ursinus co-eds bowed in defeat to the Bryn Mawr sextettes last Saturday when the latter stepped off to a big half-time lead on rapid fire field goal shooting. The first teams battled to a 44-43 finish. After the intermission the Bryn Mawr girls continued their scoring rampage and held their comfortable lead to the end.

The Bryn Mawr reserves kept pace with a 40-20 triumph over the Ursinus second team. Bryn Mawr kept its slate clean from defeats by their dual win but ended the string of Ursinus victories.

Bups Francis led the home team as she scored 24 of her team's 33 points. Captain Billie Strickler was held to 9 points by the Bryn Mawr guard.

Ursinus	Position	Bryn Mawr
Strickler	forward	Collier
Francis	forward	Boyd
Wisner	center	Longacre
Wheatley	side center	Remington
Uhrich	guard	Moore
Grove	guard	McCully

Referee—Miss Leslie Perkins. Umpire—Miss Maude Sharp. Time of quarters—8 minutes. Field Goals—Francis 12, Strickler 4, Collier 12, Boyd 7. Foul Goals—Francis 2, Strickler 1, Collier 3, Boyd 3.

Editorial Comment

LINCOLN

It is appropriate at the passing of his birthday anniversary to recall to mind the greatness of the man, Lincoln, his accomplishments, and his sacrifices for his country.

Nothing that we can say can add to or detract from his character. We offer these few written words as a tribute to Abraham Lincoln.

J. E. P. '33

INTRA-MURAL ATHLETICS

In this issue we are publishing a plan for intra-mural athletics. Our policy in the past has been to encourage this form of sports. They furnish an opportunity for participation to many who are not able to make varsity squads. They furnish what is probably the best form of recreation.

It is now up to the students themselves to make a success of this plan. Nothing that we can say in this column will make it so.

An intra-mural program broadens the activities and interests on the campus. There are some who feel that they are already too busy to assume any more activities, without neglecting those they already have. It is a general observation that those people who have the most to do get the most done. The others who offer the excuse of being occupied are the ones who waste the most time.

To get back to intra-mural athletics. The plan has been worked up by the Physical Education Department, largely through the efforts of the head of that department, Prof. Gerney.

It is gratifying to know that Ursinus will be among the leaders in this field in the East if the plan succeeds. Intra-mural athletics are very popular among members of the Big Ten and other colleges in the Mid-West.

The administration is turned over to a student board and student managers. If you are in favor of the plan, get into the activity and support it.

J. E. P. '33

PLAN OF INTRA-MURAL

ATHLETIC PROGRAM

(Continued from page 1)

3. The affairs of the league shall be governed by the Intra-mural Board. This Board shall consist of the Director of Athletics, the President of the Student Council, the President of the Inter-fraternity Council, and one non-fraternity member chosen by the Student Council.

The Board shall have general charge of the affairs, funds, policies, property, selection of play equipment, appointment and dismissal of officials of the league and shall arrange all games. All decisions of this Board shall be final.

All disputes and protests must be made in writing and presented to the Director of Physical Education not later than one day after the contest, and must be accompanied by a deposit of one dollar (\$1.00). If the protest be upheld, the deposit shall be returned to the team. The time limit may be waived upon the presentation of justifiable circumstances.

Any article in this constitution may be changed at the discretion of the Board.

By-Laws

1. Meetings. The meetings of the leagues shall be held whenever deemed necessary by the Board, or upon the written request of three or more teams of the league. Each team shall be duly notified of the date of such meetings.

2. All games played under the jurisdiction of this Board shall be played at those places which come under the jurisdiction of the Board unless the Board gives consent to have a game played elsewhere. To play any games other than the official schedule, at any time, teams must first obtain the consent of the Board.

3. Registration of Players. All players must be registered by the managers of the teams with the Secretary of the Board. Such list must be in the possession of the Director of Physical Education not later than one day before the game. No change shall be made in the roster of a team after the second game of the schedule has been played, without the written con-

sent of the Board.

Any player expelled from the game may be suspended by the Director of Physical Education, subject to the approval of the Board.

4. Transfers. A member must continue with his team for an entire season and cannot shift from one team to another unless such a shift is sanctioned by the Board. Any player, directly or indirectly approaching a player of another team for the purpose of inducing him to leave that team, shall be liable to punishment as the Board deems proper.

The official opening means the first day on which a scheduled Intra-mural game is played.

5. Eligibility. No player is eligible to play on any team, if he is a "U" man in the sport or if he is on the varsity or freshman varsity squad after the first varsity game has been played. All men out for varsity are considered on the varsity squad and ineligible for Intra-mural competition until officially released by the coach of the sport. All men ruled ineligible for varsity competition due to professionalism are automatically ineligible for Intra-mural competition. All last year's numeral men are ineligible to complete in the sport in which they won their numerals. All players must be on the eligible list of the college.

5. Playing Rules. All games shall be played in accordance with the Inter-collegiate rules unless specified differently by the Intra-mural Board. All games shall be played in full official time.

7. Official's Report. Each captain shall submit the line-up of his team before the start of the game. All games must start on schedule time, unless the team has an excuse satisfactory to the Board. Failure to start on time, will be penalized by rules fixed by the Intra-mural Board.

8. On points of fact connected with the play in progress, the decision of the referee or the umpire shall be final. On question of interpretation of the rules of the game, an appeal may be made to the Board, but the referee's or the umpire's decision must be acted upon on the floor.

9. Any matter not herein covered shall be left to the action of the Board.

Special Rules

There are four rules that require explanation: Forfeit, Postponement, Protest, and that which deals with the posting of Participation Points. These will be taken up separately.

Protest

1. All disputes or protests must be presented to the Director of Physical Education, in writing not later than the day following the contest disputed, and must be accompanied by a deposit of one dollar (\$1.00); but if the protest be upheld, the deposit shall be returned to the team.

2. All claims or protests received after the specified time, shall not be considered unless the Board deems it best to do so.

3. The decisions on protests of the Intra-mural Board shall be final.

4. Team managers shall appear before the Board and give evidence upon request.

Postponement

No game may be postponed except for inclement weather, a conflict with varsity games, or physical education schedule. In such cases, the Intra-mural Board will call the game off and will re-schedule it.

Forfeit

1. If a team forfeits a game to an opponent, it shall have the number of points deducted, it would have received, if the game or contest had been won.

2. If a team is not ready to play fifteen minutes after the time scheduled, it must forfeit the contest.

3. Two forfeits automatically drops a team from further competition in that sport.

Participation Points

Immediately after the competition in any sport is finished, the Participation Points won by the various teams will be posted on a chart in the Gymnasium and in Bomberger Hall. Athletic Managers should watch this chart, and, if their records disagree with those of the Board, the Board should be notified at once; for after the points have been on the chart for two weeks, they are final.

INT. RELATIONS CLUB HOLDS

BI-MONTHLY MEETING

The semi-monthly meeting of the International Relations Club was held at Shreiner Hall last Friday evening, February 9. The topic for discussion was one which is filling all newspapers and periodicals at the present time—namely, the Sino-Japanese situation.

The program consisted of talks given by Luella Mullin '33, Helene Gohs '33, and Ruth Riegel '32. Miss Mullin presented the Japanese side of the controversy after which Miss Gohs treated the subject from the Chinese point of view. Ruth Riegel '32 later showed the relationship of the United States, Great Britain, France, Italy, and Russia to the present oriental conflict. The general discussion which ensued was followed by a social period during which tasty refreshments were served.

SHORT STORY DISCUSSED

AT ENGLISH CLUB MEETING

Members of the English Club gathered at South Hall on Monday evening for another of their interesting meetings. The theme was the short story. The sources were three collections of the Best Short Stories of 1931, from which the Misses Eleanor Mengel, Kay Hand, and Beatrice Tratner, all '32, read papers on selections of their own choice. After the papers were read Doctor Smith made further comments on the short story and discussed it with the group.

A brief business meeting followed. The next meeting will be held at Sprinkle Hall on February 29.

The Tower Window

There was presented to me recently an interesting little textbook used by a boy in Freeland Seminary sixty-six years ago. On the face of it is the impressive title—"Stoddard's American Intellectual Arithmetic." Amidst the embellishments which illuminate the cover is a circle containing a picture of Galileo sitting before a table reading from a large open book which is propped up before him with a number of other large tomes, beside which is his ink stand and quills. Near his chair is a globe and a telescope. The back cover contains the multiplication table up to 20 times 20.

The book was evidently designed to serve for the instruction of pupils of every grade. The first question is "Two and one are how many?" and the last question is, "The interest of the sum of one-half of A's, and two-thirds of B's fortune, for a certain time at two per cent, was to this sum as 9 to 250. And the amount of this interest for 25 times as long, at 10 times as great per cent, was \$180. What was each of their fortunes, provided A's fortune was to B's as 1 to 3? And how long was the first on interest?" I wonder how many seniors in Ursinus today can solve this one.

The lad who owned this book was Hiram M. Anders, the father of our townsman, Dr. W. Z. Anders to whom I am indebted for the volume. Now the Anders family were noted in their day for being good mathematicians, but occasionally I find questions bracketed in pencil as having probably given young Hiram trouble. One of these is, "The head of a fish is 12 inches long; its tail is 10 inches longer than its head increased by one-half the length of its body; and its body is 20 inches longer than its head and tail together. What is the length of the fish?" I venture to say the fish was not caught in the Perkiomen anyway.

Here is another that is heavily bracketed, "Samuel can cut a cord of wood in three-fourths of a day and Theodore in two-fifths of a day; how long would it take them to cut a cord, when they worked together?" The author states that the chapter in which these two problems appear, "when thoroughly understood, will be of incalculable benefit to those who are studying, or intend to study Algebra."

This book which is called an "Intellectual Arithmetic" was intended, I presume, to outdo the ordinary "mental" arithmetics of that day. Brook's Mental Arithmetic was used in the school which I attended as a small boy by a class of grown up pupils. When my day came for problems of the kind here presented, I went straight on into Algebra and thereby missed the strenuous intellectual discipline which their proper solution by oral analysis brought about.

When the boys got together in the upper rooms of old Freeland in the winter evenings of long ago to work out their "Intellectual Arithmetic" lessons they found student life about as strenuous as it probably is to the denizens of those same quarters today.

MUSICAL PROGRAM AT JOINT Y. W.-Y. M. MEETING

The joint Y. W. and Y. M. C. A. meeting was well attended last Wednesday evening, February 10 in Bomberger Hall. By way of variety most of the program was devoted to musical selections.

After the singing of the opening hymn, Evelyn Glazier '32, accompanied on the piano by Doris Wagner '32, sang a vocal solo, "How Beautiful Upon the Mountains" by Harker. Robert Bennett '34 read the scripture. Then followed a violin solo by Muriel Ingram '33 accompanied by Mary Stamm '32.

Following a short prayer by Evelyn Henricks '32, Allen Boyer '34 sang a solo written by Candish called, "The Song of the Blind Plowman," and was accompanied by Alfred Alspach '33.

The program was closed by a piano solo of Doris Wagner '32 written by Rubinstein and entitled, "Kamenoi Ostrow."

Since all the numbers were well rendered, those who took part deserve commendation.

Men's Affirmative Team Debates Swarthmore

The men's affirmative team debated Swarthmore's negative last Monday evening, February 8, in Bomberger. James E. Palm '33, Floyd Heller '33, and Bernard Zamostein '33 upheld the Red, Old Gold and Black, Messrs. Kain, Doak, and Ashelman were the visiting representatives.

The question debated was, "Resolved, that capitalism as a system of economic organization is unsound in principle." Although there were no judges of the contest, each side put up a creditable showing. Prof. Carter, the debating coach, was the presiding officer.

Each participant gave a ten-minute main speech and a five-minute rebuttal. The affirmative side upheld by Ursinus attempted to prove that capitalism was unsound economically, politically, and ethically; the negative tried to show that capitalism had made many achievements and that its defects could be remedied by government regulation of industry.

The negative team claimed that it was the duty of the affirmative to present another system if the capitalistic one was unsound. The affirmative's failure to do this, replying that the wording of the question made it unnecessary, brought the debate to a stand-still.

The small audience present enjoyed the forensic combat and, as a whole, believed that Ursinus had the edge on its opponent.

MEN'S FORENSIC SCHEDULE INCLUDES RADIO DEBATE

The bi-weekly meeting of the Webster Forensic Club was held on Monday, February 8. The following schedule was announced: Starting on February 22, the negative team will make a trip including the following meets:

- Feb. 22—Elizabethtown
- Feb. 23—Franklin and Marshall
- Feb. 24—Gettysburg
- Feb. 25—Juniata
- Feb. 26—Dickinson
- Feb. 27—Western Maryland

Of these, debates with F. and M. and Western Maryland are dual meets.

On March 4 the affirmative team will hold a radio debate with the University of Pennsylvania over station WCAU. On March 3 there will be a dual meet with Villanova. On March 7 and 8 the affirmative team will meet Rutgers and St. Thomas respectively; and on March 10 there will be a dual meet with Muhlenberg, completing the schedule for the season.

FRESHMEN GIRL'S TEAM

The girls selected for the Freshman debating team are as follows: Maude Funke, Helen Weitlauf, Jane Stephen, Mildred Fox, Dorothy Shindel, and Alice Richard. They were judged by Dr. White, Mrs. Rauch, Muriel Ingram '33 and Margaret Deger '33, manager. Their season will open with a dual debate with Phoenixville High, Feb. 17, on the topic: "Resolved, that Pennsylvania should adopt a system of unemployment insurance."

Women Debaters Chosen in Formal Tryouts

As a result of the Women's debating try-outs held Monday evening, February 8, the following girls were chosen as members for the varsity team: Rena Grim '33, Muriel Ingram '33, Jane Price '32, Nadine Jones '34, Frances Gray '33, and Roberta Frantz '32. Edith Head '32, Pauline Grove '32, and Gladys Ulrich '33 will serve as alternates. Margaret Deger '33 debated, without competing for membership on the team, in order to complete the balance of the try-out teams. The question under debate was: "Resolved that capitalism as a system of economic organization is unsound in principle." The judges consisted of Dr. White, Dr. Barnard, Dr. Lentz, Prof. Manning, Prof. Bone, Gladys Barnes, and the following alumni members of Tau Kappa Alpha: George Kirkpatrick '26, John Moore '27, Allan Harman '26, Katherine Sanderson '30, Florence Benjamin '30, Elizabeth Miller '27, Agnes Lorenz, '28, Ruth Eppeheimer '27, Marion Styer '31, and Gladys Park Roush '28.

DEPTH SOUNDERS FOR AIRCRAFT

WITH the application of electricity to aircraft instruments, another chapter was written in the annals of air transportation. To-day's ship is not only swifter but safer and more dependable. Modern depth-sounding devices indicate instantly the height of the ship above the ground surface. A unique feature of General Electric's recently purchased monoplane is the almost completely electrified instrument panel.

The most recently developed instrument is the sonic altimeter, which provides a quick means of indicating changes in height above ground. Sound from an

intermittently operated air whistle is directed downward. The echo is picked up in a receiving megaphone, and the sound is heard through a stethoscope. The elapsed time between the sound and the echo determines the height. Tests show that water, buildings, woods, etc., produce echoes that are different and characteristic.

Besides developing a complete system of aircraft instruments, college-trained General Electric engineers have pioneered in every electrical field—on land, on sea, and in the air.

ALUMNI NOTES

"Gentlemen's Night" was observed by the Century Club of Pottstown on February 3. Ursinus alumni were well represented on the program. Mrs. Russell H. Shelly '14, Carroll Rutter and Theodore Arms, both of '22, were on opposite sides in a debate on the question, "Resolved: that the home is losing its grip on the American people." Mrs. Harry Bartman '20 captained the women's spelling team in a debate against the men, and Henry K. Ancona '15 scored a big hit in a usical number.

'24—Mr. and Mrs. Edward W. Hacker announce the marriage of their daughter Margaret (class of '24) to Mr. Charles Hanneson Hoover. The ceremony will take place on Monday, February 1, at Germantown.

'28—Mr. and Mrs. Karl Thompson the proud parents of a daughter, born on February 10. Mr. Thompson '28 is a teacher in the Lansdale High School.

Ex-'30—Announcement has been made of the marriage of Miss Janet Shade Price ex-'30, daughter of Dr. and Mrs. John Beadle Price, to Mr. Eden M. Hood on Thursday, February 11, at Norristown. The wedding ceremony was performed by Dr. Whorsten Kline of Ursinus. They will be "at home" after March 15 at Gulph Mills, Penna.

scoring prowess by tallying 4 field goals and 3 free throws for a total of 11 points. Claude "Cabot" Lodge, Ursinus captain, was responsible for 9 of the Bear's points; Breisch and Sommers had 7 apiece. For the opponents, Stewart with 19 points and Capt. Heller with 15 took the lion's shore in scoring honors.

Drexel Game

The Ursinus basketball team worked like a well oiled machine to defeat the delegation from Drexel Institute in the local gymnasium Wednesday night. The teamwork of the Grizzly five was a great factor in the surprising downfall of the Drexel Dragons. The final score of the contest was Ursinus, 45; Drexel, 38.

"Hy" Miller and "Don" Breisch were the big guns in the Bear attack. The former not only tallied 6 field goals for a total of 12 points, but also held well in check Bublitz, opposing center and the Dragon's most potential scoring threat. Breisch, the fair-haired sophomore, made his presence felt throughout the game; especially was this true under the basket where his following up of shots and clever footwork enabled him to amass a total of 16 points for the Ursinus cause.

The home lads lost no time in getting started in this contest. When Paul, receiving the ball from the initial tap-off, passed to Breisch under the basket, the Bear quintet took the lead, never to relinquish it. The regularity of the Ursinus scoring in the first period was being counteracted by the fighting Dragons who threatened constantly. The score at half time indicated only a slight margin for the home team, 24-22.

Coach Chase's boys came back for the final period with a fresh and vigorous attack. The Bears had little difficulty in finding the basket and for a time pulled rapidly away from the visitors, until Ursinus led the Dragons by 10 points. The Drexel team then staged a rally that brought them within two points of the Bear total. However, the Grizzly quintet extracted itself from danger when Sommers made good a foul try, rapidly followed by two field tallies by Breisch.

SPORT NOTES

Track

Ursinus College will be represented for the first time in an indoor track meet. The occasion will be the Meadowbrook Games at Philadelphia, Saturday, February 20.

Clark Sautter, Irvin Sutin, and Michael Cotteta are entered to represent the College. The first two named will see action in the two-mile run. Cotteta is to run in the 1000-yard handicap event.

Baseball

A bit of baseball—all battery candidates will be called out on February 22. "Jing" Johnson has his work cut out for him in trying to develop a winning hurler, as his two aces, Hunter and "Karp" graduated last year. Among the hopefuls are Coates, Paris, Lawrence, and Weis.

Soccer

Soccer practice will be held on Tuesday and Thursday of this week.

Frosh Basketball

"Don" Sterner's Frosh team travels to Lancaster on Saturday to furnish the opposition to the F. and M. yearlings in a preliminary to the big game.

"I was afraid Grandfather would be Shocked.."

"HE'S rather a bossy old darling, and I didn't know how he'd like the idea of my smoking.

"The first time I lit a Chesterfield in front of him, he sniffed like an old war-horse...and I braced myself for trouble. But all he said was, 'That's good tobacco, Chickabiddy.'

"You know Grandfather raised tobacco in his younger days, so he knows what's what. I don't, of course—but I *do* know that Chesterfields are milder. It's wonderful to be able to smoke whenever you want, with no fear you'll smoke too many.

"And it doesn't take a tobacco expert to prove that Chesterfield tobaccos are better. They *taste* better...that's proof enough. Never too sweet. No matter when I smoke them...or how many I smoke...they always taste exactly right.

"They must be absolutely pure...even to the paper which doesn't taste at all. In fact...as the ads say...'They Satisfy!'"
